ENJOY YOUR SAILING SESSION AGAIN

Press Release

September 15th 2008 :

KaliBee launches TCReplay 3D

--Sailing enter Web 2.0--

- Replay regatta, it's great.
- Share it with training partners to efficiently debrief, it's better.
- Replay and share regatta or training session using a simple, interactive and smart interface, it's ideal.
- This interactive service is now available online for a very attractive price.

And your dream comes true !

We worked hard on this target to build TCReplay,

the first 3D web sailing interface.

TCReplay 3D

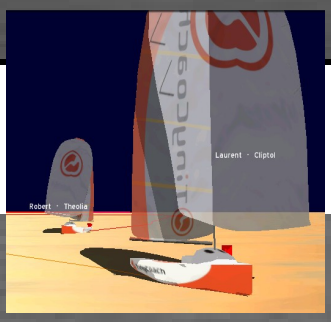
ENJOY YOUR SAILING SESSION AGAIN

TCReplay let :

- ✔ **RECORD data using an on-board computer (or a single GPS logger),**
- ✔ **HOST the recorded data on an on-line personnal account,**
- ✔ **REPLAY AND SHARE tracks with training partners or competitors.**

A huge interactivity

- ✔ **SHARE** sailing sessions with the other TCReplayers
- ✔ **PLAY** with time scrollbar and cameras to focus on hot situations
- ✔ **ADD** textual messages to logs and share sailing sensations
- ✔ **INVITE** crew members for free to debrief on line !



Enjoy specific sailing functions

DISPLAY suitable sailing information :

- ✔ Dashboards,
- ✔ Plain and VMG distance ,
- ✔ True wind arrow,
- ✔ Cartography.

SET UP buoys, committee boat, starting and finishing lines

LAUNCH count down or chrono

Test it now !

- ✔ TCReplay can be downloaded for free from TCReplay.com : a demo is available for testing !
- ✔ Design for Windows and MacOS !
- ✔ Upload and Replay logs, unlimit for **9€/month only !**
- ✔ A free account lets upload and replay 3 logs !

Let's join us at
www.tcreplay.com,
available on September 15th.
